The passage you are about to read contains **four errors**. Also, a **word** has been **omitted** from **line 3** of the passage. Read the passage then answer the questions which follow it.

1. **Animal Messages**

Animals need to find food to survive. Sometimes animals will try to hide their food (line 1)

so they dont need to share with others. Other animals are more friendly and will (line 2)

help each other to ____food. Some animals look out for each other and will make (line 3)

an alarm call when danger is present. This alarm call also warns other creatures (line 4)

too. Meerkats can stand up on their hind legs and inspect the area around so they (line 5)

are able to quickly spot danger and warn the rest of the group. (line 6)

Worker bees can pass on any good news of where to find plants with plenty of (line 7)

necktar by performing a dance and their body position lets the other worker bees (line 8)

know which direction to fly when they leave the hive People can also pass (line 9)

messages on using social media, talking, radio, newspapers and magazines . (line 10)

Messages can be passed on almost immediately now we have satellites so we can (line 11)

communicate with people on the other side off the world. This improved speed of (line 12)

communication means in an emergency, important information can be quickly (line 13)

shared enabling emergency and rescue services to arrive at a scene of an accident (line 14)

more prepared. (line 15)
